

DUO BEAST + COMPACT S

Robata Beast with Mibrasa Oven

FEATURES

The Mibrasa DUO is an integral solution for restaurants that want to maximize their cooking production with the best possible execution and result.

In one sole unit, the DUO is made up of two Mibrasa grilling machines: Charcoal oven and Robata Beast; a synergy that guarantees chefs absolute control through an agile workspace that in turn speeds up cooking processes.

Each Mibrasa grilling machine features unique characteristics that enable different cooking processes. This combination allows us to work with all simultaneously and as a result maximizes the capacity for creation.

Ref. DUORM100_HMB75
