## Parrilla GMB 252 FIRE

### FEATURES

Precision and strength defines the PARRILLA by MIBRASA®.

Thanks to the carefully engineered design with elevation system and positional brake, the Mibrasa® Parrilla effortlessly regulates the height of the grill from the heat of embers with maximum safety and minimum maintenance.

The Mibrasa® Parrilla lets us sear, cook and rest our ingredients, achieving the optimal result every time.

### ERGONOMIC DESIGN. MAXIMUM QUALITY AND SECURITY

With a sloping grill, the grease runs down the weld-free grill bars to prevent grease build-up. Grease drips down to the collector with an easy to remove mechanism ready to clean.

The base is lined with refractory bricks to ensure maximum heat efficiency and resistance to pure fire. And the built-in cooling system in outer case guarantees a maximum level of security.

Built using quality steels providing strength and durability; ergonomically designed for practicality and ease of use, each feature plays a crucial part in delivering the ultimate grilling machine for every chef.

### TECHNICAL INFORMATION

|                                     |                                        |
|-------------------------------------|----------------------------------------|
| Fire up time <sup>1</sup>           | 30 min-average                         |

|                                     | 870 kg                                 |
| Crated size (WxDxH)                 | 44 x 104 x 55 in                       |
|                                     | 1120 x 2640 x 1380 mm                  |

\*Approximate data

1. Consult instruction manual

2. Will vary depending on quality of charcoal

3. Weight with accessories included

### INCLUDED ACCESSORIES

- 2 rod grills [CPV252]
- 2 Mibrasa tongs [TG]
- Ash shovel [PALA]
- 2 Grill brushes [CEP]
- Ember poker [PK]
- Mibrasa Ecofire firelighters [FL]

### OPTIONAL ACCESSORIES

- V-shape grill [GV252]
- Thermal protector [EPGMB252]
- Extra rod grill [CPV252]
- Espeto skewer kit [KITESPGMB252]
- End of service lid [TAPAGMB252]
- GN support [SGN252]

Specifications and design are subject to change without notice.

## Safety standards and installation guidelines

- Combustible floor protection dimensions:
  - a. 30 in [762 mm] to each side of the Parrilla
  - b. 36 in [914 mm] in front of the Parrilla
- Clearances to combustible construction/other appliances:
  - a. Unit to backwall = 7 in [460 mm]
  - b. Unit to sidewalls = 28 in [720 mm]
- The workspace for the chef should be 27.56 in [700 mm] from the front of the Parrilla.
- A lifting device should be used whenever possible to lift the Parrilla and place on the countertop/stand.

For further information, please consult the instruction manual.
